

Dear [REDACTED],

Sept. 1, [REDACTED]

My name is [REDACTED], [REDACTED].

I wish to obtain medical help or referrals to get my eyes fixed. I've been diagnosed with Degenerative eye disease and glaucoma ([REDACTED]). Recently, my Dr. [REDACTED], has expediated to get me to an eye specialist. No luck there!

I also have been given a walker to aid in walking. I was suppose to get a walking cane but Armed Unit will not issue one to me. My vision is so bad, I'm using counting steps to get anywhere. I only see shadows.

No protective shaded glasses from the sun-rays. I can't read anything. Medical dept. refuses to give me a Magnifying-glass or Audio-tapes or Books because I love to read but can't. Also, I wish to get a talking watch. All these things are suppose to be furnished the [REDACTED] Diasability Act.

Please, contact me soon. And if you need my signature to release all of my needed medical records... let me know.

I look forward to hearing back. I need urgent help.

Here is my info.:

[REDACTED]

Birth: [REDACTED]

[REDACTED]

Sincerely,
[REDACTED]
